

To whom it may concern

Munich, March 1<sup>st</sup> 2010

***Manufacturer Declaration***  
***Adherence to EN 55015:2006 + A1:2007 (up to 300 MHz)***

This is to confirm that, as of May 1<sup>st</sup> 2010, all OSRAM Professional Lighting Electronic Control Gears comply with the EMI Standard **EN 55015:2006 + A1:2007**, covering also the expanded frequency range between 30MHz and 300MHz.

Compliance with above mentioned Standard has been optimized and checked by using dummy luminaires according to CISPR 30.

In any case, compliance with EN 55015:2006 + A1:2007 must be confirmed in the final application or luminaire respectively.

With best regards
