

61715000	DATA SHEET
Valid from: 26.05.2025	TY-RAP® Cable tie with steel tongue

TY-RAP® cable tie with steel tongue offers a high setting strength that is maintained even under extreme conditions such as large temperature differences, moisture and cold. The fastener is robust and withstands shocks and vibrations. The steel tongue, made of corrosion-resistant and anti-magnetic type 316 steel, is firmly anchored in the binder head.

Material:

Steel nose cap

Polyamide 6.6

Stainless steel

Technical features:

Bundle diameter

1,5 up to 229mm

Belt width

2,4 up to 7,0mm

Tensile strength

80 up to 540N

Further features:

Fire class

V2 acc. to UL 94

Halogen free

Yes

Silicone-free

Yes

Temperature range:

Min. installation temperature

-60°C up to +85°C

-20°C

Colour:

Natural

Black

Approval:

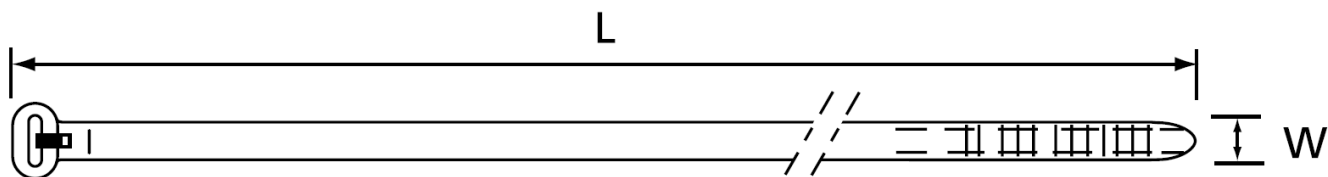

E-file E49405

Standard Reference:

EN 62275
